

It's light. It's nimble. It costs only a few loonies to run. Hey, it's even easy on the environment! Say hello to the new Honda CBR125R, the fun and friendly sportbike that makes it super simple to enjoy all the cool things about motorcycling. You can't miss the sexy styling — from the sleek fairing with twin cat's eye headlights to the race-style cast wheels to the rich, gleaming paint, it's pure eye candy. And what's underneath the sweet exterior is just as exciting. The CBR125R includes all the features you're looking for in your first bike or your next bike, all combined in an amazingly light and compact package.

## Key features

- The liquid-cooled four-stroke engine delivers excellent low-end and midrange power that makes getting going from a stop super easy
- Honda's advanced PGM-FI fuel-injection system delivers the precise amount of fuel for optimum performance, terrific fuel economy, and low emissions
- A balancer shaft reduces vibration for a ride that's all-day comfortable
- High-tech chassis components contribute to the CBR125R's easy-to-handle weight of just 119 kg (262 lb)
- The riding position is sporty without feeling cramped, and a low seat height means your feet can easily reach the ground
- A fully featured instrument panel includes a speedometer, a tachometer, a fuel gauge and a temperature gauge

*Riding a motorcycle can be hazardous. For your safety always wear a helmet, eye protection and protective clothing whenever you ride. Never ride under the influence of drugs or alcohol, and never use the street as a racetrack. Inspect your motorcycle before riding, read your owner's manual, and Honda recommends that all riders take a rider training course. Always obey local laws, use common sense and respect the rights of others when you ride. Make sure you have the proper licence when riding on public roads and obtain written permission before riding on private land. Specifications subject to change without notice. Models may not be exactly as shown.*
